

This is Ty Stone ... the *No. 1* James Brown Tribute artist on the planet. Not only does Ty remember how Mr. Brown did it, Ty has become one the most profound soul-singers of this era. Ty Stone and Just Soul takes an audience back to a time when concerts were called "STAGE SHOWS". At that time you not only had to sing and dance but you had to *entertain*.

Ty's show busts loose with an amazing variety of rhythm n' soul material, along with his own songs featuring that "Old School Soul Sound". If you want spark and fire this hot,  
you have to go to the source...

*Ty Stone and Just Soul!*

At a Ty Stone concert, you not only hear great soul music, you will experience and feel it.

Take the time to witness one of the greatest shows of this era- Ty Stone and Just Soul...the Soul Of James Brown!
